Applicant and his counsel have carefully reviewed the Office Action dated April 11, 2002 and the references cited therein, but believe the claims as originally filed are patentable over the teachings of those references. Reconsideration of the application in view of the following arguments in support of patentability is therefore respectfully requested .

REMARKS

The April 11, 2002 Office Action was accompanied by Form PTO-948 noting informalities in the drawings. Formal drawings correcting these informalities will be submitted upon an indication of allowable subject matter.

All claims 1-32 were rejected under 35 U.S.C. §103(a) as being unpatentable over Le Carpentier in view of Liechti et al.

These rejections are respectfully traversed for the following reasons.

As alleged substantiation for the aforementioned rejections, the Examiner has merely copied various claim elements and has followed each of those claims
